This comprehensive bundle delivers a host of improvements to ensure an unparalleled audio processing experience:

- Bug Fixes and Performance Updates: Plugins have been fine-tuned for improved reliability and smoother performance.
- Expanded Activation Options: In addition to iLok and iLok Cloud activation, the plugins now support Host Computer activation for added flexibility.
- Native Apple Silicon Support: Plugins run natively on Apple Silicon processors, with universal notarized installers for seamless compatibility with both Apple and Intel-based systems.
- VST3 Support: All plugins now fully support the VST3 format, ensuring compatibility with the latest DAWs and enhanced performance for modern workflows.
- Certified Windows Installers: All installers are digitally signed with a trusted certificate, eliminating “Windows protected your PC” messages for a smoother and more secure installation process.

Pricing and Promotions The new MIA BUNDLE is available at the same pricing as the previous MIA COMPLETE BUNDLE: List \$699 / MAP \$599. To celebrate the launch, an introductory price of \$79.99 is being offered for the MIA BUNDLE. Additionally, all other MIA products are on promotion with discounts of up to 89%. All promotions mentioned above will end on Sunday, February 2.

Special Upgrade Offer Owners of the MIA COMPLETE BUNDLE can upgrade to the new MIA BUNDLE for just \$10 by surrendering their previous bundle license from the MIA Laboratories website. This limited-time offer allows loyal users to benefit from all the enhancements and new features at a fraction of the cost.

The MIA BUNDLE reflects MIA Laboratories’ commitment to delivering innovative audio tools for professionals and enthusiasts alike. With powerful new plugins, enhanced activation options, and native support for the latest systems, this bundle is designed to meet the needs of modern audio production workflows. The MIA
