

Rhodes V-Pan

Rhodes Music introduces the V-Pan plug-in, expanding on their esteemed V Series software tailored for the modern producer and musician. An innovation that pays homage to the iconic 'vibrato' stereo panning effect introduced in the 1970s on the suitcase piano. The V-Pan authentically emulates the iconic Vari-pan section found on the Rhodes MK8 flagship piano, seamlessly infusing analogue warmth into your digital audio workstation.

Integrating the Vari-Pan section from the V-RACK, Rhodes cutting-edge multi-effects plug-in, the V-Pan stands alone as a dedicated module. Representing the third installment in Rhodes respected line of software solutions, the V-Pan serves as a

Rhodes unveils V-Pan Plugin for Iconic Vari-Pan Effects

Monday, 18 December 2023 19:05

testament to Rhodes unwavering dedication to legacy, while simultaneously providing contemporary tools tailored for today's discerning producers and musicians. This addition empowers creators to enhance their production toolkit with a versatile and powerful resource.

Whether you're enhancing the depth of your keyboard or synth, creating mind-bending textures for your guitar, infusing ethereal FX sounds, or giving your vocals a unique twist, the V-Pan plugin is your gateway to limitless creative possibilities. Its user-friendly interface seamlessly integrates with your preferred DAW, allowing you to shape and customize your sonic landscape effortlessly.

Key Features:

- Directly modeled from the distinctive Rhodes MK8 hardware Vari-Pan circuit.
- Equipped with precision Left/Right panning LED indicators.
- Variable rate, ranging from super-slow to audio rates, allowing for versatile synth and ring mod-like effects.
- Deep depth control for nuanced sound manipulation.
- Provides a clear parameter value readout for precise adjustments.
- Includes Waveform Slew and Smooth controls, enabling further customization of the panning waveshape.
- Seamlessly integrates BPM sync functionality for synchronized and rhythmic effects.

The V-Pan plug-in will be available for free until January 31st, 2024. Please see full pricing information below:

- Retail: £29.95 / €34.95 / \$39.95
